

FOR IMMEDIATE RELEASE

WORLD-CHECK INCORPORATES PASSPORT VERIFICATION SOLUTION BY TAMONA AG

World-Check offers passport verification to financial community

LONDON, June 15, 2006 - World-Check, the leading provider of KYC and PEP intelligence on heightened risk individuals and entities, today announced the incorporation shortly of "Passport-Check", a pioneering and cutting edge module that verifies the authenticity of machine-readable passports in World-Check. Passport-Check, is an application designed by Tamona AG, a Swiss based company.

Passport-Check will provide users the certainty that a passport is authentic and valid. Financial institutions, law firms and other industries have a duty to verify the identity of their clients by examining the authenticity of the identification documentation presented at the start of a business relationship.

"World-Check is delighted to have reached an exclusive agreement with Tamona to provide this service as part of our industry standard KYC and PEP service." said David Leppan, CEO and Founder of World-Check. "Tamona have developed a superb application and Passport-Check, like World-Check, will become another industry standard."

"The agreement with World-Check is very valuable as the integration of Name-Checking and ID-Document Checking into one process provides customers with an unique solution to match the stringent international KYC due diligence obligations" says Willem Kerkmeer, CEO of Tamona AG. "Lining up with the leading provider of KYC and PEP intelligence is a significant step in our mission to provide the entire international financial community with straight, simple and reliable solutions to verify the integrity of ID-Documents".

In it's continued pioneering spirit which has kept World-Check at the forefront of KYC and PEP risk mitigation, World-Check is extremely pleased to shortly offer its clients such a cutting edge enhancement.

About World-Check

World-Check assists institutions in mitigating reputation, financial and compliance risk by monitoring and correlating information on high-risk entities. World-Check provides risk-reduction technology to 1,800 institutions in more than 130 countries. Recognized as an industry pioneer, World-Check has revolutionized and "standardized" global Know Your Customer (KYC) and Politically Exposed Person (PEP) screening. Today, 45 of the world's top 50 banks, and hundreds of regulatory and government agencies use World-Check's global list of heightened-risk individuals and organizations.
